

As a service to parents and friends of campers in our various programs, Kieve offers a web-based image viewing service called Webshots that allows viewing and downloading of images from the web.

Once you are on the Kieve.org website, go to the program that you are interested in viewing. Once there – go to the "Photos" "Photo Gallery" or "Slide Show" link on the left side of the page. This will open a gallery and links to Webshots.
